Thiago Luis Bristot

Contact:

(54) 99941-6828
thiagobristot01412@gmail.com

Driver's License: Category B

Address:
Sarandi, RS (Willing to relocate)

Objective:
Seeking new opportunities for personal and professional growth.

Education:

- Completed high school
- 1st semester of Analysis and Development of Systems at UPF – Passo Fundo, RS (currently on hold)

Experience:

[01/01/2024 - Present]
Current job. I assist various private companies/cooperatives in solving various software-related issues. As Tche Informatica is a software house, I do not work directly in development but perform software configurations in Java, as well as necessary corrections to ensure applications run correctly.
I use SQL daily since our systems have an integrated MariaDB database on the machine for data sending and receiving.
I also perform various other tasks, such as testing applications to find bugs, maintaining backup routines for all our clients.
The main focus is remote support and assistance, but in some situations, I also need to develop small scripts to facilitate daily activities and meet requested demands.

[01/07/2023 - 01/12/2023]
Maintenance Assistant, Yotta Comunicações Digitais, Sarandi, RS
Performed on-site network maintenance, installations, and customer service. Also provided remote support during the night shift from 18:00 to 00:00 on an on-call basis.

Skills:

- Advanced knowledge in computers and networks
- Competence and proactivity
- Quality customer service

- Quick learner
- Communicative and able to work well in a team
- Advanced English (fluent)
- Creative and determined

Currently, I mainly develop in Python, Bash, and MySQL. However, I also have knowledge in JavaScript, HTML, and Godot Engine (GDScript).

I have various small, interesting, and useful projects in all the mentioned languages.
